

Delaware Technical & Community College

UST Class A & Class B Operator Training Spring 2014

Note: All UST facilities must have designated Class A & Class B Operators that have successfully completed a Department approved training program.

Underground Storage Tank Operator Training \$199

Upon completion of this course, the student will demonstrate a broad understanding of underground storage tank systems (UST) operation, safety, regulatory and emergency procedures (EPA 40 CFR and Del UST Regulations). Students will be able to identify components of UST systems, explain methods of inspection, required record keeping, financial responsibility and basic spill prevention methods.
